

IN THE REALM OF WOMAN

BY PENELOPE

The Game of Life.

(Chicago F. V. News.)

Life is a game of life. From an

unseen source

The cards are shuffled and the

hands are dealt.

Blind are our efforts to control the

forces.

That, though unseen, are no less

strongly felt.

I do not like the way the cards are

shuffled.

But yet I like the game and want

to play.

And through the long, long night will

I, unafflicted,

Play what I set until the break of

day.

Mrs. Canby, hotel lodge, will

not receive this afternoon.

Mrs. William Short, with her little

family left yesterday for a short

trip to the Coast.

Mrs. Roy Douglas entertained at a

brilliant little party, Mr. McCarver of

Tuesday, at the Blue Moon.

The guests included Mrs. McCarver, Mrs.

J. H. Morris, Mrs. Dickson, Mrs. Geo.

net Morris, Mrs. Jim Ponton.

Mrs. Donald Macdonald, who has

spent a delightful winter visiting her

old home in Chicago, will be

friends in Toronto, Montreal and other

cities when she returns home.

Mr. and Mrs. D. J. Macnamara, who

have such a delightful time, will be

have returned from Europe, Mr. Mc-

Donald, at the Blue Moon.

While Mrs. Macnamara remained in

Toronto for a short visit with her

mother, Mrs. Macdonald.

Mrs. Macdonald and her little

family, also Mrs. D. J. Macnamara,

are expected to arrive in the city from

Toronto during the week.

Mrs. Edmonson, Miss Edmonson and

Master Kenneth are in London at the

present time and will return the last

of the night of April 11.

Mrs. Neahly, a visitor, is expected

on a visit to her parents, Colonel and

Mrs. Neahly, on Saturday. She and

Mrs. Neahly will be in the city for

the Coast for a little holiday.

Mrs. Herbert Baker, 1315 Peace

avenue, will not receive Wednesday,

or again this evening.

The Rose Hall, which is expected to

be the greatest ball of the year, will

be given at the Rose Hall, and everyone

is looking forward to it. The hall

will be frequent and bright with rose

blush, which will enhance the charm

of those taking part in the

evening.

Mrs. Waddell will entertain at the

tea hour on Friday.

Mrs. Hishop is entertaining at bridge

on Wednesday.

Mrs. Wauer, of the Imperial Hotel,

leaves at the end of the month for

England, where he will visit his home.

The marriage of Mr. J. N. Mc-

Donald, of Foley, with a sister of

Miss G. B. C. to Miss M. J. Mc-

Donald, of Toronto, Ontario, took

place at the residence of the bride's

parents, Mr. and Mrs. Mc-

Donald, on Saturday morning. In

attendance were Mr. and Mrs. Mc-

Donald, Mr. and Mrs. Mc-

Donald, Mr. and Mrs. Mc-

Donald, Mr. and Mrs. Mc-

Donald, Mr. and Mrs. Mc-

You will like the new "GREEN LABEL" Tin of Red Rose Tea

It contains 3 pounds of "Green Label" Tea, the same grade of Red Rose as sold in the lead package at 40c. and—

Known as the tea that goes farther.

You may have used our "Crimson Label" Tea in

the Dollar Tin, or—

—You may have used a competing brand,

and wished for a finer-flavored Tea.

So, you see, the new 3 pound "Green

Label" Tin of Red Rose Tea was the

only answer to the popular demand.

Some people have been kind enough to

say that the new tin is beautiful—Frankly, we did not give much thought

to that, our intent being to make the tin reflect

the fine quality of the Tea which we sell.

The "Green Label" Tin should appeal strongly to

the thrifty housewife because it is much superior

to the Tea in any Dollar Tin—Besides, "Green

Label" Red Rose Tea does go farther.

"Red Rose Tea is Good Tea"

He who rides in a carriage may yet

have to clean his "Woman's World."

Household Hint.

Boxed water will restore the glass to

its natural condition.

It is a good plan to keep the oven

door open part of the time when not

in use, so that all traces of gas

or fumes of food can escape.

When apples have been cured, be

fore putting them in a jar, to

prevent them from becoming

spoiled.

By slipping salt cottons into a glass

jar, you will keep them from

becoming rancid.

When washing any piece of willow

furniture, brush it thoroughly

with a brush.

To remove every particle of dust,

thoroughly wash the furniture.

Should you spill hot fat on the

floor, or a wooden table, pour cold

water upon it at once. It can then

be easily removed.

ENTERTAINMENTS

COMEDY HIT AT EMPHIRE.

What promises to be an unusual

local theatrical event is the announce-

ment of Thomas W. and Harry

and Rhodora American comedy, "A

Centennial from Mississippi," for

presentation at the Empire theatre,

the last half of the present week.

These comedies by the authors

of the famous "The Great Train

Robbery," and while a comedy in every

sense, the authors have retained

that dramatic intensity and delicate

handling of character which go to make

the successful play of this decade.

The comedies will be given at

New York, George H. Sumner of

"A Centennial from Mississippi"

for three nights and Saturday mat-

inee, commencing tomorrow night.

The last of the performances of

"A Centennial from Mississippi" will

be given at the Empire theatre, and

will be given at the Empire theatre,

and will be given at the Empire

theatre, and will be given at the

Empire theatre, and will be given

at the Empire theatre, and will be

given at the Empire theatre, and

will be given at the Empire theatre,

and will be given at the Empire

theatre, and will be given at the

Empire theatre, and will be given

Supreme Court Opened Spring Sittings Tuesday

In the Supreme Court yesterday the hearing commenced before Chief Justice Harvey, of the case of Tailleau et al. vs. Parsons. Mr. H. H. Robertson, of Robertson, Dickson & MacDonald, appeared for the plaintiff and Erskine Woods, K. C., for the defendant.

Plaintiffs are sub-contractors from the defendant, Parsons, under a contract made in May last concerning work on the main line of the Canadian Northern railway between stations 1640 to 1650 inclusive. Plaintiffs alleged that there was now overdue and unpaid on the contract the sum of \$11,584, and defendant had refused to pay despite repeated applications.

The case of the defence was that defendant had from time to time made advances to the plaintiffs in excess of the sum of \$11,584 and that no money was now due under the contract. He contended that he was always ready

to pay plaintiffs any balance which might be payable to them under the contract so soon as the engineer of the C. N. R. had given a final certificate in regard to the work done by plaintiffs more to come.

There is a long list of cases for trial at the present sitting. The number of cases held over from the last sitting was 28, three having been struck off the list to the meantime, including the case of Yette vs. Lloyd et al. and the Palace Creek Lumber Co. vs. Howe, which had both been settled. There are also 19 new cases on the list.

The trials set down for today's sitting of the court are Rose vs. Mitchell and Herbert vs. Healey.

At about two o'clock yesterday at the residence of John Cameron, No. 1 Cameron street, a fire broke out, due to a defective fire place. The blaze was extinguished with chemicals. Nos. 1 and 3 stations responding. Light damage was done.

UNIONIST LEADER WARMLY WELCOMED BY BELFAST CROWD

Anti Home Rule Party Gave Him Enthusiastic Greeting.

ORANGEMEN PROVIDED GUARD OF HONOR

Address Declares Ulster Will be Warranted in Resorting to Extreme Measures.

Montreal, April 9.—A special from Belfast to the Montreal Gazette says: Belfast, Ireland, April. 9.—Enthusiasm greater than that which greeted Andrew Bonar Law, the Unionist leader here today, is not conceivable. The men are all pent up over the anti-home rule meeting.

The demonstration today, without doubt, is partly a personal tribute to the Unionist leader as a successful Ulster man, though not identified with Ulster particularly and almost unknown there.

The reception was large and enthusiastically boisterous and Bonar Law must have suffered physical pain from the cries of strong hands, liftings and shoves administered by the wild excited men, who, in the absence of a protecting force, thronged about and tried in all ways to greet the Unionist leader.

"If this is the way you treat your friends," said Mr. Law, "I am glad I am not your enemy."

After taking his breakfast at his hotel in London, Mr. Law started for Belfast. A crowd gathered his horses and dragged the carriage with enthusiasm to the railway station, where he took his train. Four stops were made on the way here and there were numerous addresses, each being accompanied with a furor of enthusiasm.

The preparations at the railway station here saved the Unionist leader from the frenzied clutches of the Lorne civilians by the military drilled guard of honor. A thousand men from the Orange Club lined up and saluted Mr. Law as he alighted.

The Unionist leader was welcomed here by Sir Edward Carson and Lord Londonderry, and the local Unionist leaders. After the formalities were over he passed the saluting lines of men and entered an auto with Sir Edward Carson. He had again struck the Lorne hurricane. Everybody in Belfast seemed to be clamoring around the car and thrusting their hands in the air for Mr. Law to shake.

Amid the din, the Unionist leader told in his auto waiting his hat. It was many minutes before a way could be had for the car to start. When the Ulster Reform Club was

reached an address was presented to Mr. Law, which accused the Government of forcing home rule on Ireland without a mandate and posing the promised reconstitution of the House of Lords until the policy of the dismemberment of the Empire had been effected.

The address ended by demanding the maintenance of the constitution and claiming that Ulster was justified in resorting to the most extreme measures in resisting home rule.

Mr. Law, briefly replying, stated, among other things, that "it will take more than trickery by the present Government to force upon you a Government to which you do not consent. Although the spirit of the battle will be yours, there will not be wanting help from across the channel."

Afterwards Mr. Law went by motor to County Stuart, where he was the guest of Lord Londonderry. The agricultural show ground, where the main demonstration will be held tomorrow is sodden with water. Some of the fences have blown over and many poles and wires are down.

Monster Parade, Belfast, Ireland, April 9.—That the opposition of the province of Ulster on which Irish Unionists mainly base their hopes of ultimately defeating the coming home rule bill, remains as virile as in 1910 and 1911, seems to have been fairly demonstrated by the vast throngs of Orangemen and Unionists who today again registered their "unaltered and unalterable opposition to a separate parliament for Ireland in any form." A demonstration of 150,000 enthusiasts this morning passed in procession before Andrew Bonar Law and other prominent Unionist leaders at the Royal Ulster Agricultural society grounds.

METHODISTS STRONGLY FAVOR UNION SCHEME

Eighty-Eight Per Cent. of Membership Approve Amalgamation Proposal—Will Be Recommended to General Conference.

Toronto, April 9.—Although the general vote of the Presbyterian Church was not adequate to warrant church union between the Methodist, Presbyterian and the Congregational churches of Canada at the present time, the Methodists are not backing away from the amalgamation. They are continuing their vote as if the Presbyterians had voted unanimously for the project. Official figures of the Methodist vote, compiled to date, show that eighty-eight per cent. of the general membership favors the union. Owing to the great majority, it is anticipated the committee will recommend union with the other two churches for the consideration of the Canadian Methodist General Conference.

A career in the Betting Race of the North-Western Distillery where "Red Cross Gin" is made.

A PURE DRINK

This is what should be sought by all who use alcoholic beverages, either from choice or necessity. Some people use spirits to ward off cold and as a protection from humidity, others as a stimulant when fatigued. Whatever may be your requirements, avoid the use of foreign products which are manufactured without Government inspection. Ask for a glass of good Gin:

"RED CROSS" GIN

made under Government inspection. It is strictly pure, aged in bond and is the product of the finest Canadian grain from the West, the best in the world; and the choice juniper berries. It is a gin that stimulates, invigorates and comforts, but which should be used, like every thing else, with moderation.

EACH BOTTLE OF "RED CROSS" GIN

bears the Official Stamp of Canadian Government Inspection

THE GIN WITH A GUARANTEE

Construction Work to Start on the South Side Civic Buildings

Construction work on the new public library on the South side will start this week, according to Mayor Calder of the civic public works committee. When completed this building will cost in the vicinity of \$25,000.

It has also been decided to call for tenders next week for the building of the new \$100,000 hospital on the South side. Plans for this building have been approved by the public works committee. It will be four stories high and will accommodate eighty beds. The building itself will be of red pressed brick with stone facings.

Montauk, Point St. Long Island, April 9.—The fire which broke out early yesterday morning among the cotton bales in the hold of the Merchants and Miners line steamer Ontario was still blazing today. Daylight found Captain Bond and his crew of forty who had not slept for thirty hours, still pumping into the hold. Three revenue cutters, three wrecking tugs, and the crews of two life saving stations are nearby to lend any aid, and if necessary to take the crew off. Because of the Ontario's position in the rocks the other vessels could do little, but the revenue tug turns in going aboard the burning ship and helping to fight the flames.

Rocky Mountain House

As advertised yesterday, the sale of
the lots will close

TODAY, APRIL 10th, 1912

NOTE—Prospective buyers, and those who have already purchased lots here, will do well to call at either office, where information of importance may be obtained.

C. P. R. TERMINUS.

Second Division Summarized

Get these Facts Firmly Fixed in your Mind

- The Industrial Section of Coquitlam. Will have the finest industrial track-lay-out in Western Canada.
- We are building the industrial trunk line at a cost of \$30,000. Is a magnificent plain, 85 per cent. of which is absolutely open prairie.
- Has a mile of deep water frontage—36 foot channel—on the Pitt river, the best natural fresh water harbor in British Columbia.
- Is flanked on the west side by the superb Dowdney Trunk road the road of the Fraser Valley.
- Will be tapped by the main line of the new electric railway line, already fully financed, and with official announcement made of its route from Vancouver to Mission Junction.
- Adjoins on the north the great terminal property of the C. P. R., the most extensive terminal property owned by that great railway from the Atlantic to the Pacific.
- One hundred acres of industrial sites and a large number of industrial lots on the industrial lots on the industrial railway.
- The one place for industries locating in the Vancouver district to have all their requirements fulfilled.
- Likely to be skirted or tapped by the Southern Pacific and St. Paul railways and possibly made the site of the terminals.
- Penetrated by several good existing roads.
- Industrial lots on railway and street are fifty feet wide and about two hundred feet deep. Price, \$40 per front foot. Railway built without cost to lot owners.
- Industrial acreage reserved entirely for lease or sale to real industries at special prices to be quoted on application.
- Size of residence and business lots usually 33 by 122.
- Prices vary from list of \$300 up to a few of the choicest business lots at \$1,500, with an average around \$500 or \$600.
- Price comparison: Lots ready to build on the moment you get them at from half to an eighth of the prices asked for the corresponding lots in Port Mann, which is the C. N. R. freight and industrial terminus across the river from Coquitlam. Prices not much if any higher than are asked for minor division point townships in Alberta, Saskatchewan and Northern British Columbia.

A Retrospect and Forecast

A few months ago to the surprise of many heads shaking and not a few of the address book finding, we made the first announcement in regard to the beginning of the new industrial city of Coquitlam. At that time not a tree had been cut, not a sod turned, not a spade driven, and we were compelled to use the future tense almost throughout our literature.

It is now entirely different manner that we now announce the opening of the sale of the Second Division of our incomparable townsite. So much of what we then forecast and predicted has come in the few months just passed, even into being that we feel that the public now believes as fully as we do in the great development program that has been announced for Coquitlam. A strip of land almost two miles long has been almost entirely cleared, miles and miles of dirt roads have been built, tremendous amount of filling has already been accomplished, contracts have been let for the first unit of a 37-stall roundhouse, together with half a dozen attendant buildings, and nearly one thousand men are actually at work on the townsite that we have predicted. If we were confident of the future of Coquitlam when we first told the public about it, we may by comparison say that we are now certain.

Notwithstanding the adverse criticism and the fault-finding of the ignorant and the prejudiced, the public, whose common sense in

the long run is usually just as good in business as in politics, saw the commanding situation of Coquitlam realized that the time and place had occurred for the birth of the great outlying industrial city of the British Columbia coast and joined with us in the huge task of city-building.

The result was the most overwhelmingly successful sale of property ever recorded in the history of any new city in the west, where practically everything was to be built and nothing was done. The sale of lots in First Division and in certain townsite subdivisions which we have offered from time to time has been the wonder of the West for several months. As to the actual sale of lots to individual investors, Port Mann with all its four preliminary advertising, has nothing to compare and there are today probably ten lot owners in Coquitlam to every one in Port Mann. Not that we would discredit Port Mann in any way, but that we would emphasize the fact of the tremendous success that has come to Coquitlam, which six months ago was scarcely known fifty miles away from Vancouver.

Now in Second Division we offer the public the last of the townsite. There will be no more except that a few odd pieces along the terminals are not yet platted.

The Last of the Best of Coquitlam

Second Division of the Townsite practically completes the Townsite offering. No More Townsite Subdivisions, except perhaps, a few acres here and there—Most successful townsite sale ever staged in Western Canada—Of the various properties offered for sale by the Townsite company only First Division and St. Mary's Heights still offer any considerable number of lots—Second Division and its dependent subdivision now offered round out the townsite. If you have hesitated to invest before, here is a virgin opportunity—Your chance is just as good as the next man's—Money is not made by holding onto money—Money is made by making money work—Start some working in Coquitlam—Start it working in Second Division—Get a piece of the earth at a strategical point, at some pass or focussing point like Coquitlam, and forget it—It will not forget you—Don't worry—Time and the ceaseless activities of myriads of

men will do the work for you—You will not be lonely—2000 investors already—There is just so much land in the world and there are only 1000 acres in the whole of Coquitlam townsite—You could make a lot of lots if you could turn the whole world into lots, but you can't make another lot in Coquitlam townsite when the 1,500 acres have been turned into lots.

Have you had your share of the money the world is making for Western Canada? If not, take your stand at the gateway of Coquitlam and get your share. There all the world will work for you, because all the world works for the realization and conversion of the natural resources of Western Canada and at Coquitlam that wealth-making world energy will be largely concentrated and focussed.

Send today for maps, plans, etc., or wire in your application for Second Division.

GRAIN MEN DEFEND OLD PATTEN "CORNER"

Much Misunderstanding Over This Line of Them Tolls Board Committee at Washington in Opposing Anti-Option Bills in Congress.

Washington, D.C., April 8.—When James A. Patten operated in May wheat in 1908 he did not conduct a "corner" of wheat, several prominent grain operators told the House Committee at Washington today. Instead of cornering wheat and holding it out for enormous profits, Mr. Patten performed a "beneficial action," according to John C. Morrill, president of the council of grain exchanges, who acted as spokesman for the Chicago Board of Trade and other wheat and corn exchanges at today's hearing.

Mr. Patten was exonerated of having collected undue profits. His deal was in May wheat. Mr. Morrill said, but he closed it out in a manner which prevented exportation of wheat and consequent importation of the grain simply. "America's big profit," Mr. Morrill said, and raised the price of wheat 10 cents over the price Mr. Patten sold.

"Was that Patten's purpose?" asked Representative Simpson. "I do not know what Mr. Patten's intent or motive was," answered Mr. Morrill. "But that's a fact. There is a great deal of misunderstanding about the so-called Patten corner. There was no corner. He never had wheat cornered so that he could squeeze the market. He committed no act that was not entirely justified."

"You can go back to the operations of Joseph, 3,500 years ago," continued Mr. Morrill. "The same thing was done then and has been done ever since. Patten did not run a corner. 'Nobody upholds the corner' and no reputable man upholds gambling, but yet men gamble. We cannot read a man's mind, when he makes a deal on the Board of Trade, and because Patten had studied the world's wheat condition and knew what supply there would be and based his selling price on it, that was no fault of any exchange or any other person."

Mr. Morrill appeared to oppose the score or more of anti-option bills pending before Congress. They are delivered of grain and cotton. The action exchange reports will be heard tomorrow. Mr. Morrill was accompanied by a large delegation of grain men.

Ontario Educationalists Meet.

Toronto, April 8.—The Ontario Educational Association opened here today its 51st annual meeting. About a thousand members are present. The session will extend over three days. One of the important items of business is the appointment of delegates to the Imperial conference of the Teachers' Association, to be held in London, England, next July.

Train Load of Settlers From the New England States

During the week-end the stream of immigration to this part of the west, which has been growing steadily since the beginning of March, attained the volume of the annual spring "rush."

L. M. Macleod, the Alberta publicity commissioner in Montreal, who is in the city today, having arrived with a large number of settlers by special train, declared that the number of people who will depart the west this year from the eastern provinces will exceed any previous record.

"In the eastern provinces the eyes of all the people are centered on Alberta. There is no doubt that the majority of the western immigration this year will be to Alberta. The farmers in the eastern provinces, he said, are convinced that the best goal for their endeavors is in the west and Alberta is the favorite. The reports which have come to the east about the climatic conditions in this province, have opened the eyes of the people and they are moving towards Alberta in unprecedented numbers. The severe winter that has prevailed in the east during the past winter has tried the people's patience and many have concluded that taking the climate and soil into consideration the prospects of life in the west are much to be preferred to the conditions in the east."

Mr. Macleod said he was convinced that the rush which was now commencing would continue all summer. The work of the office in Montreal has

largely increased that the staff will have to be augmented if the work is to be adequately performed.

"Everybody," said Mr. Macleod, "is eager to know what opportunities there are in settling them in this province."

The party which has just arrived in charge of Mr. Macleod consisted mostly of farmers from the New England States and numbered 230. Practically all of them intend to take up land in the Edmonton district.

The party were brought up in a train of nine cars on the U. T. P. Two special cars also came over the C. N. R. The excursion was arranged jointly between the provincial publicity agents in Montreal and Toronto. C. R. McCutcheon, of the Toronto office, was in charge of the Toronto party. Mr. McCutcheon told a similar story. Mr. Macleod in regard to the eager inquiries being made about Alberta in Toronto. "He thinks that the majority of the immigrants coming to the west this year will be for Alberta. Further excursions from points in the east have been arranged for the 16th and the 21st of April, and also for the 14th of May."

"The province has publicity agents in Winnipeg, Montreal and Toronto, each working in co-operation with the central publicity office for the province at Edmonton, which is under the direction of C. S. Hitchcock."

CAPTURED OWL ALIVE.

Bird Flew Into Toronto House and Buried Its Talons in Hand of Girl.

Toronto, April 8.—A large owl flew through a plate glass window of a house in a business avenue house yesterday. The mistress of the house, an eighty-year-old woman, endeavored to capture the owl with the assistance of her maid, but the bird buried its talons in the girl's hand, holding its grip until choked to death by the old lady. The maid's hands were badly lacerated.

LAKE NAVIGATION BEGINS AT DULUTH.

Duluth, Minn., April 8.—The foot of the steamer wharves here was heard in the local harbor today for the first time this season, when the tugs hauled several big freight carriers out of their ice-locked winter berth, and took them under the spouts, less two feet thick, which found in the slips. But the way is practically open. The loading of boats will proceed with haste from now on.

BIG DRY DOCK FOR QUEBEC.

The Government is Calling for Proposals for the Erection of Immense Structure.

Ottawa, April 8.—The government will receive proposals to July 3rd from firms desiring to establish a dry dock at Quebec. The dry dock when built will be the largest in the world. It will be 140 feet long, 137 feet wide and 27 feet deep. The next largest in the world in respect to the length is at St. Petersburg, while the Liverpool dock is the widest so far.

"DUKE OF SPARTAN" WON QUEEN'S PRIZE.

London, April 9.—The Queen's prize, a handicap of 1,000 sovereigns, open to all, was won by A. C. Jefferies, "Duke of Spartan II" (late Donnie Moir), ex-fish, who started at 9 to 1. E. Hulton's "Parade," 100 to 1, was second, and Lord Derby's "King William," 11 to 1, third.

STATION MEN MAY CONTINUE WORK

L.W.W. Halted Now on Small Contractors, But Will Let No More Members Take Contracts.

Vancouver, B.C., April 9.—Station men, that is, the small sub-contractors on the Canadian Northern grade, have succeeded in convincing the L.W.W. leaders that they shall be allowed to resume work. The agreement was reached yesterday at a conference at Lytton, but before it is finally ratified will be submitted to a vote of the union. The L.W.W. however, have decided to admit all station men as union members, and hereafter any member who takes a contract, no matter how small, is to forfeit the union card. It was reported in Lytton this morning that eight hundred men were at work yesterday on the river from Yale.

COLEMAN MENITS GET.
Demanded to be Paid According to Actual Weight of Cows.

Coleman, Alta., April 8.—The 600 employees of the International Cattle and Cattle Company, upon which all who reside in this town depend for a livelihood, refused to make concessions asked for by the management of the company and have struck.

The trouble arises over a peculiar condition, which has recently arisen. The coal is mined by the company, but it is mined in the mine in lumpy cars, and each car is weighed. It is found that the weight of the coal is not the same in each car, and the men have decided to take up the weight, and the manager is at present trying to get it.

For years the mine has been comparatively dry. Recently through some process of nature this condition changed. The mine became wet and the coal that comes out is heavily charged with water, the result being, according to the statement of the mine management, that the company was paying the miners for a large percentage of water.

The management of the company decided that because of the water in the coal the product was coming too much, and suggested to the men that they be paid on the basis of the average weight of dry coal.

They declined to entertain this proposition and the strike is the result. Several conferences were held this morning without result.

Mexican Railroads to Cease Work.

Mexico City, April 9.—American consuls and visitors employed by the national railways of Mexico will walk out on April 15th unless some uniformed circumstances intervene. The railroad managers have refused the demands of the men. The latter have already vowed to strike if the reply was unfavorable. Nearly 20,000 men are employed by the strike.

WOMEN CONDUCT SERVICE.

Regina Methodist Church has a Unique Gathering on Sunday.

Regina, April 7.—A somewhat unique service was held this evening at the Regina Methodist Church. The entire service from hymnody to benediction was conducted by women. Women who shared the communion in their pews and took up the collection. The choir consisted entirely of ladies, a lady presided at the organ, while Mrs. Hartley, wife of the pastor of the church, conducted the service from the pulpit. The address was delivered by Miss Holton, M.A., vicar of the ladies' branch of the Y.M.C.A., who took for her subject the place of women in modern life.

Canadian Lady Died in London.

London, April 8.—Louisa Mary Jenkins, widow of the Rev. Dr. Jenkins of Montreal, died here.

NINE MILLIONS WORTH OF SETTLERS' EFFECTS.

Winnipeg, Man., April 8.—Immigration from the United States through the port of Emerson, Man., for March, showed an increase of one hundred per cent over the same month a year ago, according to Commissioner of Immigration Bruce Walker. The value of effects of American settlers passing through North Portal, Saskatchewan, during March, totalled \$9,000,000.
